

RDBKA Introduction to Beekeeping for Novices' Course 2018

An evening course of 7 x theoretical and practical sessions, from **7.30pm - 9.30pm every other Tuesday (mostly!) at Colburn Church Hall, starting on 16 Jan -17 April 18**, in preparation for the forthcoming bee season, with 2 x additional practice handling sessions at the RDBKA Apiary in May/June.

Ideally for those who have completed the Beginners' Course. **A pre-requisite for this course is that you either have or have had bees, or can demonstrate sufficient knowledge and/or experience, and that you have over-wintered bees for at least 1 season.**

The aim of this course is to develop a deeper beekeeping knowledge and demonstrate practices sufficient to meet the requirements and standards of the **BBKA Certificate of Proficiency in Apiculture** - a relatively straightforward hands-on, practical examination. Those on this course will be eligible to take the Basic exam in season, should they wish. Exam costs are included in the course costs.

Session 1 16 Jan 18	Review	Context The Colony, The Hive, History Beekeeping year Queens, Swarms Bees, Plants and Hive products.
Session 2 30 Jan 18	Equipment	Hive designs, parts Tools Clothing
